

Farmers' Mills.

The Mills have been fitted up in good order for all kinds of

Custom Grinding.

The proprietors keep on hand and will deliver

Buckwheat Flour, Rye Flour

Corn Meal, Boiled and Granulated.

Corn Oats, Ground Feed, Bucked Hay, Bran and Linseed Meal.

Of the Best Quality.

We desire to build up a home trade in

Buckwheat Flour,

And guarantee that all Buckwheat Flour

from these mills shall be made from Pure

Buckwheat, and shall contain no other ingredi-

ent.

Our Graham Flour

Is made from thoroughly cleaned, Choice

White Winter Wheat. Graham Flour takes its

name from Sylvester Graham, the author of a

noted treatise on the subject of diet. It is

the best of all flours, and is made from un-

bleached flour, is more healthful and nutri-

tious than any other flour, and is the

best for all purposes. It is made from the

MISCELLANEOUS

FOR COUGHS, CROUP AND CONSUMPTION USE

TAYLOR'S

CHEROKEE

REMEDY

ercomes the flushed appearance of heat, fatigue and excitement. It makes a lady of THIRTY appear but TWENTY; and so natural, gradual, and perfect are its effects, that it is impossible to detect its application.

THE GAZETTE

of the children and youth attend at Catholic Sunday-schools. One of the speakers was Rev. P. H. Hanson, D.D., Chicago.

The average length of life is on the increase. The science of medicine has made great progress; many diseases are controlled that were formerly almost incurable. The greatest discovery is Dr. Bigelow's Positive Cure. Cures consumption in stages that other remedies are of no benefit. Coughs, all throat, whooping cough, bronchitis, all chronic and lung diseases speedily

Dr. J. C. Blood Elixir is the only Blood Purifying and Blood Remedial Preparation. It is positive cure for Ulcers, Erysipelas, Scrophulous Poisoning, Rheumatism, Dropsy, Dropsical Swellings, Rheumatism and Neuralgic pains. We guarantee its efficacy. **Prepared & Bottled, Druggists, O. P. C.**

CONCERNING TUBERCLES

THE NEW MOVEMENT TO INOCULATE FOR CONSUMPTION.

Will M^r. Verroult's Plan Succeed? Interview with the Germ-Infus It Cultivates—Those Who Believe in the Germ Theory—Serious Objections.

A new movement has been set on foot in France with a view to successfully demonstrating that pulmonary consumption can be cured or prevented by inoculation. And this is the subject of such widespread interest from the fact that one-seventh of the whole population of France is afflicted with the disease, and that North America—because it is much more prevalent in the temperate zone—is now actually suffering from this disease and is determined to do something with all its immense practice and the knowledge and experience that must be gained in it, that the faculty admits, in effect, that so radically has yet been discovered which will materially check the succulence and the growth of the tubercle, if M^r. Verroult's experiments should prove that inoculation is a successful mode of treatment, a popular movement, which will be successful in the future, and, therefore, ought to be erected in his name of liberty.

The tubercle is a vegetable deposit on the lungs which was discovered in 1804 by Bayle, and Laennec's introduction of the stethoscope, a few years later, created a tubercular public opinion that the little mole was the sole cause of the disease. Prof. Virchow's discoveries in cellular pathology showed some doubt upon this, but most practitioners still adhere to the tubercular idea, and the disease of that name is what we have to inquire into. And here comes in each who, among his other tubercular diseases, finds tubercles in the lungs, and then he calls tubercular bacilli, and this new movement in France is to find out a way to "attenuate" or make thin the virus

Of the good things of this life are sorrowfully less on account of Dyspepsia. Ackers' Epsia Tablets will cure Dyspepsia, Indigestion and Constipation; sold on a five guarantee at 25 and 50 cents, by J. C. Benson & Co., New York, N. Y.

Place a particle of the Balm on the back of the nostril and draw strong breaths through the nose. It will be absorbed and begin to work of clearing and healing the diseased membrane. It allays inflammation and prevents fresh colds.

Not a Liquid or Snuff.

A few applications relieve. A thorough treatment will cure.

Send for circular. Price 50

F. W. CHRISTMAN.

BRIEFS.

—Wisconsin Lodge No. 14, I. O. O. F., occupy Old Fellows' hall this evening—regular weekly meeting.

—The born which Mr. James VanDette has been erecting on his South Main street property is now almost finished.

—James McGowan, who has been traveling through the west for several months, has returned and is busy shaking hands with his many friends.

—Judge Connell No. 233, Royal Arcanum, assembled in regular semi-monthly meeting (this evening)—lodge room in the Lappin block, East Milwaukee street.

—Late yesterday afternoon Tommy Conly, the eight-year-old boy, who disappeared from his home Monday morning, was found at Footville. He had relatives there, and was enjoying quite a visit.

—Bill Coll, who formerly ran a lanch counter near the Grand hotel, committed suicide at Milwaukee about nine o'clock Monday night. Failure in business and loss of money were the causes of the deed.

—Yesterday afternoon about half past four o'clock Mr. George Hatherell, of the first ward, was thrown from a load of hay near Barrons' lime kiln. He sustained very painful injuries, several ribs being broken by the fall.

—The barn and some farm machinery and utensils, belonging to Mr. Orford Jones, of Evansville, were destroyed by fire on Monday night at eleven o'clock. Insured in the Germania Insurance Company, of Freeport. It is thought the fire is the work of an incendiary.

—The funeral of the late Henry D. Watson was held this afternoon from the home of his parents in the fourth ward. The Rev. Dr. Dodge officiated. He spoke very tenderly of the many excellent qualities of the deceased. At the close of the services the remains were taken to Oak Hill cemetery for interment.

—The visiting committee appointed by the Rock County Sunday School association expect to spend next Sabbath, the 16th inst., with the P. W. Baptist church and school, at north Johnston. Services commencing at 11 a. m. Messrs. J. A. Sutherland and J. T. Wright, expect to go from Janesville.

—Yesterday was the sixteenth birthday of Miss Jennie Hayes, daughter of Mr. and Mrs. J. B. Hayes, and in the evening a number of young friends gathered at her home in the first ward. The affair was a complete surprise to Miss Hayes but she proved herself to be an excellent hostess and the time was passed very pleasantly with social games and other diversions.

—An immense crowd of people gathered at the depot last evening on the arrival of the Milwaukee passenger train, expecting to meet and welcome the Janesville military companies home. They were disappointed as the train came to a stop, and it was discovered that only the Monroe and Darlington companies were on board, en route for their respective homes.

—This morning Dr. B. T. Sanborn's horse took a lively run starting in the fourth ward, swinging around the corner of Stearns & Baker's drug store into Milwaukee street and then taking the road to the fair grounds. He was caught before any damage was done although a whip and lay were lost out of the cart. The driver will please return to Dr. Sanborn's office.

—Mr. Alfred Dewey, who injured one of his eyes last week by striking a nail, and who went to Chicago to consult a specialist, has been heard from. His daughter, who accompanied her father to Chicago, returned home Monday evening, and says there is no hope of saving the injured eye and the doctors feared the injury was of such a nature that there was great danger of the loss of the other also, but of this he could not determine for several days.

—A second ward resident makes complaint against a large number of boys from 10 to 16 years of age who disturb the neighborhood of the second ward schoolhouse by uselessly yells, playing hunk and drumming on the cans, etc., from 8 to 9 o'clock every night. Complaint has been entered to the officers but last night the din was worse than before it possible. If this notice don't jog their memories and bring peace, we would pray for a band of Ojibwa Indians to come in to relieve us.

—The members of the Acme advertising company made up a favorable impression on a number of Janesville's young ladies during their brief visit to this city. Nearly all of them found no difficulty in securing a partner and they were paired on South Main street quite numerous Monday night—Rocky.

—The members of the Acme company are a gentlemanly appearing set of young men, and no doubt will feel complimented at the above insult, saying nothing about the young ladies referred to. This is only a fair sample of the slush let loose from River street at ten cents a week.

—Those who keep diaries would, on comparing the weather of April and May a year ago with that of the corresponding months of this year, be struck by contrast. The present season is at least a fortnight in advance of last Spring. The record for May 1, last year, was "snowstorms in various parts of the country," and every day during the week was "cold." The first thunder shower last year occurred May 5. This year the first thunder storm was on March 18. The present May is more like the June of average years. These changes and the seasons change—Eldredge.

—Last evening a number of the members of the Janesville Concordia society, assembled at the home of Mr. and Mrs. Wm. Heise, of the first ward, and tendered them a serenade. A few social hours were spent, Mr. August Herlihy expressing the sentiments of the members of the singing society, and the wish of the society that the contemplated visit of Mr. and Mrs. Heise to Germany would be the most pleasant. Mr. and Mrs. Heise left this morning for Montreal, where they take a steamer for Germany. They will not return until late in the fall. Their Janesville friends join in wishing them bon voyage.

—The crisis in the fight between the Old Fellows and Patriotic Circle was reached at a meeting of the East Side Old Fellows lodge at Eau Claire on Tuesday night. An attempt was made to expel a prominent officer of the circle under a decree made several months ago

ON THEIR WAY HOME.

The Monroe and Darlington militia return from Milwaukee. The two companies left after the exercises.

The Chicago, Milwaukee & St. Paul depot platform was again crowded with people last evening, as the Monroe and Darlington companies were to pass through on their way from Milwaukee.

As the train stopped the boys in blue piled out of the cars to walk around and "lumber up." It was noticed that while the veterans seemed satisfied with a rifle and cartridge belt, those who were new to the service fairly bristled with weapons. One trail young blonde with a moustache just budding was a brilliant example of the latter class. He had a Springfield rifle on his shoulder, a well filled cartridge belt over his regulation fatigue blouse, a newly varnished policeman's club hanging from the belt and protruding from some mysterious depth was a large bone handled clasp knife. One side pocket held a bull dog revolver, the other hung down under the weight of a jumble of half of thirty-eight caliber center fire cartridges and altogether the young man might well have been called a walking arsenal. A week of camp life

left many marks on the boys and one of the young ladies on the platform inquired anxiously of a Monroe private: "Are the Janesville boys as black as you are?" His assurance that they were several degrees worse seemed to have anything but a comforting effect on the curious one.

The two Janesville companies have remained at Viv View, at the request of the Sheriff. Persons, who informed the governor that while he had no reason to expect another outbreak, that should erupt he would be unable to cope with the mob. Orders were issued yesterday for the men to return home this evening, but to-day this was countermanded, and a dispatch received this afternoon from Captain M. A. Newman, states that both companies will arrive on the Milwaukee passenger to-morrow evening at 5:55.

The case of Wyman vs. Drake is still on trial in the circuit court and will last until to-morrow noon. The plaintiff's attorneys are Messrs. Winans and Hyzer and the defendant's Messrs. H. A. Patterson and Chas. E. Pierce.

The jury in the case of Leavitt vs. C. & N. W. Ry. Co. went to the scene of the accident on a special train yesterday and viewed the ground. The suit will be taken up as soon as the one on trial is ended. In referring to it we stated yesterday that Messrs. Jas. G. Jenkins and Wm. Rager represented the plaintiff, and Messrs. J. V. Quarles, of Racine, and J. F. Lyon, of Elkhorn, the defendants. The names of the plaintiffs and defendants' attorneys should have been transposed, as the action was brought by J. V. Quarles and J. F. Lyon, for the plaintiff, whose interests they have represented from the first while Messrs. Jenkins and Rager are at the railroad attorneys. Papers that copied the mistake from the Gazette will also please correct.

Being entirely vegetable, no particular care is required while using Dr. Pierce's Pleasant Pellets. They operate without disturbance to the constitution, improve blood, diminish, cure eruptions, break up skin, and so on, and are guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by F. Sherer & Co.

DON'T WORK.

How a Couple of Sharps "Got Left" by a Michigan Granger.

There is a sharper's game which has been played for the last hundred years, and as the turning point is avarice the game works forty-nine times where it fails once. Two sharps set out a few weeks ago to play it on a Wayne county farmer. One of them came along one day and wanted to buy the farm. As the farmer wanted to sell it was quite easy to strike a bargain. The price was to be \$1,000 in cash, and the man handed over \$250 to bind the bargain. Within two days a second sharper came along and wanted the farm. He wanted it so bad that he couldn't stand still. He found indications of coal, natural gas and coal oil, and he was willing to give \$500 for the place. The idea was, of course, that the farmer would be awed by his first sale and seek to buy the man off. It would pay him to offer the man \$1,500 to release him.

The second sharper was only out of sight when the first one turned up again. His month's watered over the prospect, but not for long. The farmer explained that he had been offered \$2,500 more and added:

"I don't care for money. The \$1,000 is enough for me, and it's all the old farm is worth. When you are ready to pay the balance we'll make out the papers."

The purchaser offered to release him for \$1,000—\$500—\$500—\$500. But the farmer didn't want to be released. He hung to the bargain man, and he's got it yet, while the pair of sharps rave and gnash their teeth every time they think of the thickness of his skull.—Detroit Free Press.

—Hon. Chas. G. Williams, of Watertown, Dak., delivered his lecture on "The Law and Order of Congress" at college chapel last Wednesday evening. There was a good audience in attendance and they enjoyed their pleasure and approval of the lecture very highly and frequent applause. The effort was replete with new ideas and facts concerning the house of representatives and gave the hearer a clear and comprehensive view of the manner in which the business of that great body is transacted, and exploded many of the notions which people entertain as to the influence which a member is supposed to exert. He related the ethics of office, made by both press and people, that dishonesty among the members is the rule rather than the exception and that drunkenness and bribery are common. His production was very interesting and instructive and creditable to his distinguished author.

—Last Thursday Prof. W. F. Place had his 42nd birthday and his "better half" surprised him by having a few friends present to take tea with him in honor of the event.

—W. P. Clarke has built a neat new house for the accommodation of his Wyandottites.
